THE LESSEE, in returning thanks to his patrons and the public in general, bees leave to subside, for their eddication and amusement, a copy of a placard, which has been secretly circulated throughout the city during the past week souther their desired and the composition of the city during the past week.

NOTICE TO Being a perfect at anger in the city, I was induced by the glaring advertisement in different newspapers to visit A CONCERT SALOON IN EROADWAY, NO 516, up sours, called THE GARTHES, and see their wonderfully talented and beautiful female Dangenses and Vocabista, Wire Walkers, Varliers, Ethiopian Delineators, and at least one thousand other ceicbrated perfermence, not torgetting the Female Ministrels and Treity Waiter Giris. I have no occasion to find fault with any of the above mentioned acts or actors, as everything went off smoothly and gave great satisfaction to a very large audience; but when Concert Saloons begin burlesquing siristly religious and moral works I think it high time to PLTA STOP TO THEIR EXISTENCE.

On the occasion of my first and only visit they concluded their performances with a shameful attack on Mrs. H. B. Stowe's beautiful story, entitled.
